The American Repertory Theater would like to extend its gratitude to the following donors for supporting our efforts over the past two years. During this difficult time, our supporters have enabled us to bring virtual events into the homes of our community, support local artists and partners, and continue to develop new work that we are excited to share with our audiences. These donors have truly kept the lights on at the A.R.T. From all of us—thank you. As of May 13, 2022.
